

MAKES GOOD "SUN PARLOR."

Young Matron Has Room with Decorations Entirely in Yellow.

Every woman who takes a real interest in her home is glad of little suggestions for beautifying it or for making work lighter. To this end, the scrap book has been found to be a wonderful help and satisfaction. An old ledger will do very nicely, but a fresh volume is better.

In spite of the fact that Prof. Somebody claims to have discovered that too much sun in a room has an ill effect upon the mind, the sun-parlor is a growing institution. One young matron has hit upon a plan that she finds satisfactory. She has a corner apartment, north, and the entire place has been done in a deep, soft yellow, precisely the shade of sunshine. When the beams are reflected, as they are on every bright day, by the walls of the building opposite, the effect is not at all unlike that of the sun parlor.

ECONOMY IN THE HOUSEHOLD.

Seeming Trifles That Will Result in Cutting Down Bills.

Water kept in bottles on the ice, instead of breaking the ice into the water, reduces ice bills.

Growing parsley, sage and other herbs in a kitchen window garden gives better seasoning at less money. Raise some okra in your garden, dried it keeps indefinitely and is the best flavor soup and bouillions can have.

Cheap cuts of meat can be served palatably in stews and croquettes.

Cheese is an excellent substitute for meat, and there is infinite variety in the ways of preparing it.

Serving but two vegetables at dinner is as fashionable as it is economical.

Buying olive oil by the gallon is one of the few times when wholesale purchases means saving.

PRACTICAL HINTS for the HOUSEWIFE

To cover the pan in which fish is cooking will make the flesh soft.

Honey should be kept in the dark. If exposed to light it will quickly granulate.

To raise the pile on plush sponge it with a little chloroform and it will look fresh and new again.

Nails used in bathrooms and kitchens on which damp cloths and towels may be hung should be dipped in enamel, so that they may not leave rusty marks.

To clean silver, mix sweet oil and whitening to the thickness of a cream, put on with a soft cloth, wash in hot soap suds and polish with a chamolite skin or a piece of old soft linen.

A cheap floor stain, which will probably be in demand during house cleaning, is made by dissolving a teaspoonful of permanganate of potash in one quart of boiling water. A darker or lighter stain may be had by increasing or decreasing the amount of potash.

Wild Apple Jelly.

This was a new discovery for me last year; perhaps there are others who do not know that wild sour apples will make beautiful jelly. Quarter the apples, cutting away any bad spots; do not remove the skin or seeds; wash well, put into a kettle with enough water to cover them; cook until tender, put into a jelly bag, let drain over night; measure the juice, allowing a cup of sugar to every cup of juice, put juice on stove, squeeze in a little lemon juice, let boil just 20 minutes from time it commenced to boil; in the meantime put the sugar in the oven and heat hot, stirring occasionally; when juice has boiled 20 minutes put in sugar, let whole boil up once. This makes a light, transparent jelly with a beautiful flavor.—Boston Post.

THREE WEEKS.

Brought About a Remarkable Change.

Mrs. A. J. Davis of Murray, Ky., says: "When I began using Doan's Kidney Pills, kidney disease was slowly poisoning me. Dizzy spells almost made me fall, sharp pains like knife thrusts would catch me in the back, and finally an attack of grip left me with a constant agonizing backache. Doan's Kidney Pills helped me quickly and in three weeks' time there was not a symptom of kidney trouble remaining."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

WANTED IT OVER WITH.

Game Youngster Preferred Drastic Action in Punishment.

"Youngsters are pretty philosophical," observed Wallace Knight, and then he went ahead to set forth the point of view of a small daughter at his house.

The child was sent to bed early the other evening as punishment for some act contrary to rules and regulations.

After she had been tucked in bed for some time and was supposedly asleep, the youngster called her father and told him she wished he would go ahead and spank her and have it over with, instead of sending her off to bed that way. "This lying in bed never's going to make me any better," she said, "and a good spanking would. Besides it makes me so mad I can't sleep and so what's the use of it?"—Cleveland Plain Dealer.

CURE AT CITY MISSION.

Awful Case of Scabies—Body a Mass of Sores from Scratching—Her Tortures Yield to Cuticura.

"A young woman came to our city mission in a most awful condition physically. Our doctor examined her and told us that she had scabies (the itch), incipient paresis, rheumatism, etc., brought on from exposure. Her poor body was a mass of sores from scratching and she was not able to retain solid food. We worked hard over her for seven weeks but we could see little improvement. One day I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent, and we bathed our patient well and gave her a full dose of the Resolvent. She slept better that night and the next day I got a box of Cuticura Ointment. In five weeks this young woman was able to look for a position, and she is now strong and well. Laura Jane Bates, 85 Fifth Ave., New York, N. Y., Mar. 11, 1907."

The Bride's Look.

A girl about to be married worries so much she begins to look like an old married woman. In addition to worrying about her clothes and coaxing her folks to give her a new outfit, she sits up too late with her young man, and the result is an anxious, careworn look a week before the wedding that cannot be told from the look on the face of a woman who has been married a year or two. Look at the next girl you meet who is soon to be married, and you will remark that she has "aged rapidly."—Atchison Globe.

Crazy with the Heat.

"Can you tell me what steam is?" asked the examiner. "Why, sure, sir," replied Patrick, confidently. "Steam is—why—er—it's wather that's gone crazy wid the heat."—Everybody's Magazine.

Beware of the little fellows. Mosquitoes are more bloodthirsty than lions.

The Square Deal.

A stout and opulent man dwelling in a suburban town had borne the expense of the annual Sunday school picnic, and the superintendent of the school, out of gratitude, asked the benefactor to address the children. The philanthropist was not much of a speaker, but he was a master hand at poker. When he found himself gazing into the expectant faces of a hundred and fifty children his embarrassment almost overcame him, but he managed to stammer out: "My dear children, what I want to impress upon you is that—er—er—it pays to be good. That er—er—er—a man who deals from the bottom of the pack is generally buried at the public expense."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Only Six Miles Away.

Craggs—You look warm. Why don't you go where it's cooler? I know a place only six miles from here where the thermometer drops way below zero.

Snaggs—What are you giving me? Where is this place?

"Straight up. Take a balloon."

Important to Mothers.

Examine carefully every bottle of CASTORIA a safe and sure remedy for infants and children, and see that it

Bears the Signature of *W. L. Douglas* In Use For Over 30 Years. The Kind You Have Always Bought.

They Did.

For Lameness in Horses

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first signs of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Sloan's Liniment

will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush. Price, 50c. and \$1.00.

Dr. Earl S. Sloan, - - Boston, Mass.

Sloan's book on horses, cattle, sheep and poultry sent free.
